

**Remarks**

By forgoing amendment, claims 16 and 27 have been amended, and new claim 40 has been added. Applicant respectfully submits that no new matter has been added by this amendment. Entry of the Amendment and favorable consideration thereof is earnestly requested.

The examiner has submitted that claims 1-13 and 25-39 in Group I are classified in class 250, subclass 339.02, while claims 14-24 in Group II are classified in class 250, subclass 349 and has required an election. Applicant respectfully traverses the examiner's Restriction, and elects to prosecute claims 1-13 and 25-39 in Group I.

Applicant respectfully submits that claim 27 in Group I originally included all of the elements of claim 14 in Group II and that therefore all of the claims of the present invention should be considered together. In addition, new claim 40 includes all of the elements of claim 1 in Group I and all of the elements in claim 14 in Group II, and therefore all of the claims of the present invention should be considered together.

Respectfully submitted,

---
